Thank you for allowing public comment on Project 3018093 at 9666 51st Ave S.

I am truly concerned that clear-cutting is about to happen in S Seattle without any public input. Developers seem to have rights that those of us who have lived in the community do not have. A public hearing at least gives the public the ability to learn about this new project and discuss it's impact on the community.

Please hold a public meeting to review the environmental and landuse issues of the proposed clear-cutting of a large wooded lot bordering Kubota Gardens."
